REQUIRED FINDINGS:

**Public Works Board
Recommendation**

Vote: N/A

Prepared By:
Christopher T. Trusty

NOTES/COMMENTS:

RECOMMENDATION:

That the City Council approves the Bid Award to _____ for the Pony Express Widening project in the amount of \$_____ and authorizes the Mayor to sign the agreement.

BACKGROUND:

As part of the FY2014 Budget, the City council approved \$125,000 to be used to widen Pony Express Parkway from Smith Ranch Road through Porters Crossing. This project will include installing storm drain in the street, installing a median, and the curb returns for Smith Ranch and Porters Crossing.

The project was bid out to include a rotomill and overlay of the existing asphalt. The new asphalt, all to be on the north side of the road will be placed in a 3 inch initial lift. A final 2 inch lift would then be placed over the entire surface, on both sides of the road, given a uniform final surface. However, the project was also bid with an alternate, in consideration of the additional costs for the rotomill. The bid alternative includes a type II slurry over the entire road surface.

The bid opening for this project will be Monday morning, so the bids are not yet available to be included in this package. In order to try to have this project complete by August 20, prior to the beginning of the school year, the project was bid out in an accelerated format.

Contractor	Alternate #1 (R&O)	Alternate #2 (Slurry)
